Introduction

The Los Angeles County Department of Public Health Solid Waste Management Program (SWMP), acting as the Local Enforcement Agency (LEA), is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste facilities within its jurisdiction. As required by Section 21660.1 of Title 27 of the California Code of Regulations (27 CCR), the SWMP is distributing this notice for the purposes of a RFI amendment to the Solid Waste Facility Permit (SWFP) for LLRC.

Description of Project and LEA's Determination

LLRC has been in operation since 1954. It is located approximately two miles northeast of the City of Lancaster in unincorporated Los Angeles County. On July 23, 2007, the LEA received from Waste Management (WM), a SWFP application package to amend the RFI to incorporate Treated Auto Shredder Waste (TASW) for use as an Alternative Daily Cover (ADC), as allowed by Title 27 CCR 20690(b)(6).

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current SWFP, pursuant to 27 CCR, section 21665(c). The LEA approved the RFI amendment on July 29, 2008.

Where copy of application can be reviewed

A copy of the approved application for the RFI amendment is available for public review by appointment in the LEA office located at 5050 Commerce Dr, 1st floor, Baldwin Park, CA 91706.

LEA Contact Information

If you have any questions after reviewing the above information or would like to schedule an appointment to review the RFI Amendment, please contact Kelvin Kasai, EHS III, at (626) 430-5540. You may also email the LEA regarding this matter at mcomo@ph.lacounty.gov.

Appeals Process Information

For information on the appeals process to challenge the LEA's approval of the RFI amendment, pursuant to Public Resources Code, Section 44307, you may contact Mark Como at (626) 430-5540.
